

# ROCK ISLAND CONVENTION

Chicago, Ill., July 1.—Over one hundred delegates from Rock Island are already registered for the national convention of the P. O. E. U. in session here this week.

Exalted Ruler Dan K. Brennan headed a delegation of 50 that arrived Tuesday noon. Many more are expected late today to be in on the celebration of the big event of the week—the mammoth parade this evening.

Thousands of visiting Elks will be in line as the result of four months' planning and the expenditure of over \$500,000 to present a spectacle which includes 100 bands, 25 floats from as many states depicting important historical events, drill teams, musical clubs and numerous specialties.

The order of events also includes the convening of the grand lodge for the annual memorial services, and the competitive contests of 25 drill teams.

The Rock Island delegation will meet at the Blackstone hotel at 7 o'clock this evening for the big event, the line of march being along Michigan boulevard and counter-march so that all of the participants may view the spectacular display which will be staged.

San Francisco in 1921.

San Francisco will be the stamping ground for the national Elks held in 1921, according to the award made that city over the bid of Atlanta, Ga.

Chicago Lodge No. 4 is certainly showing the "gang" a royal time. The program has kept every moment for every delegate occupied and the program for the remainder of the week promises no respite.

Sam Ryerson and J. Clinton Searle of Rock Island lodge No. 880, have been busy taking in the business sessions which have been almost continuous for the first three days of the fest. In order to get the heavy work cleared away for the proper celebration of the closing days. Past Exalted Ruler L. M. Titterton is here taking in the convention and all of its many side-lights.

Change Date of Outing to Give the Board of Directors Chance to Attend.

The date of the Modern Woodmen and Royal Neighbors' picnic has been changed to Wednesday, Aug. 18, instead of Aug. 11. Representatives of local camps of both societies in Rock Island and Moline met at the Woodmen head office last evening and decided on this change after learning that the board of directors of the Modern Woodmen would be in session here the third week in August. It was originally planned to hold the picnic a week earlier, but postponement to the later date was deemed advisable in order to insure the presence of the head officials of the Woodmen.

## O. H. SEATON IS GIVEN RELEASE

Judge W. T. Church Holds Record of Commitment to Water-town Is Insufficient.

Oliver H. Seaton was released from Watertown state hospital Tuesday afternoon upon order of Judge W. T. Church. The judge based his order on insufficient record in the case. Seaton was brought into court on habeas corpus proceedings, which alleged that he was denied the exercise of his right under the law covering commitment of insane patients to the hospital.

Seaton, a farmer of Seatonville in Bureau county, was committed to Watertown on Dec. 4, 1919. He claimed that the action of commitment took place while he was undergoing treatment for a broken leg in a Spring Valley hospital, and that he was refused a hearing before a jury of six or the services of an attorney.

BIG JUMP IN ALUM PRICES FOR WATER WKS. DEPARTMENT

The price of alum for use in clearing up the city water supply is soaring to great heights. Tuesday afternoon the city commissioners let a contract to the Superior Chemical company of Joliet, Ill., to furnish alum for the waterworks department at \$2 per 100 pounds from July 1, 1920, to July 1, 1921. The price was the lowest bid and is for alum f. o. b. cars at Joliet. Last year the city paid \$1.41 per 100 pounds f. o. b. cars at Joliet. The freight is about 14 cents per 100 pounds, making an actual raise in price of about 45 cents on the 100 pounds. Under the new contract price the city will pay in the neighborhood of \$5,000 for alum this year.

White embroidered Swiss handkerchiefs, 5c each.

Men's hemstitched cambric handkerchiefs, 15c each.

When Mr. Nordgren bought that big lot of sample linens in Chicago six weeks ago, the wholesaler shipped with the rest of the lot, three thousand "ends" of Turkish and huck towels, pieces 11x14 inches, and 9x16 inches—almost big enough for small towels, nice large wash cloths, or iron holders. The huck ends can be matched and made into dresser scarfs, baby bibs, wash cloths, etc. The stuff is very nice, but they charged us too much. We said we would keep them if at half, and they met our price.

Now, then, for this sale, these three thousand Turkish towel and huck towel ends go on sale in three price lots:
